

Dear Faith Community,

*"Behold, how good and pleasant it is  
when brothers dwell in unity."*

*Psalm 131:1*

We are reaching out to churches across San Luis Obispo County, asking for their blessing in our endeavor to bring awareness to our communities concerning the sanctity of life. Every year, January is designated as Sanctity of Life month. It is our hope to put up displays around the county to elevate this consciousness of life.

For over twenty years, Redding, California, has erected white cross displays both at churches and on private property to represent the number of abortions across the United States. Twelve of the fourteen churches in that area have given their blessing to this project and have seen great success. We are hoping that we can gain your blessing for a local project here in San Luis County. We are not asking for monetary support, nor for your church to display the crosses, but only that you would support us in this endeavor. However, if you would like to see your church participate by displaying the crosses, we welcome that opportunity to discuss that possibility. The picture below is representative of what we hope to do.

The person who is delivering this invitation for blessing has been an active member of 40 Days for Life, an international prayer ministry to end abortion. We thank them for their willingness to be an ambassador for life in our community. We encourage you to share your thoughts with them concerning this opportunity. (Please know that church names will not be publicly displayed.)

Thank you for your consideration,  
Kirt and Katie Collins  
Sanctity of Life Ministry, Grace Central Coast
